Michael Bronner is President of Dr. Bronner’s, the top-selling brand of natural soaps in North America and producer of other organic body care and food products. He is a grandson of company founder, Emanuel Bronner, and a fifth-generation soapmaker. Under the leadership of Michael and his brother David, the brand has grown from $4 million in 1998 to over $111 million in annual revenue in 2017.

Michael and David established Dr. Bronner’s as a sustainable leader in the natural products industry by becoming one of the first body care brands to formulate with hemp seed oil in 1999 and to certify its soaps, lotions, balms, and other personal care products under the USDA National Organic Program in 2003. Both actions resulted in high-profile litigation with government agencies, DEA and USDA respectively, that Dr. Bronner’s ultimately won, cementing Dr. Bronner’s activist orientation in the natural products marketplace.

Michael was promoted from Vice President to President in 2015. His first directive under his new title was to promote his brother David to CEO, defining the initials with an unconventional twist: Cosmic Engagement Officer. 2015 was a landmark year for the company; Dr. Bronner’s launched its All-One Toothpaste, published its first official CSR report (the All-One Report), and updated its branding and labels to a slightly more polished “Old & Improved” look.

Since 2006, Dr. Bronner’s has partnered with certified Fair Trade projects around the world to source all major ingredients, including olive oil from Palestine and Israel, coconut oil from Sri Lanka, peppermint oil from India, and sustainable palm oil from Ghana. Dr. Bronner’s is now working to pilot its organic coconut, palm, and mint oils to the new Regenerative Organic Certified (ROC) standard. ROC is an integrated, comprehensive program that addresses soil health, animal welfare, and fair labor practices to advance sustainable and ecological alternatives to industrial agriculture. Furthermore, Dr. Bronner’s is a founding partner in the Climate Collaborative, which leverages the power of the Natural Products Industry to compel action on climate change.

Michael has led the expansion of Dr. Bronner’s sales overseas, including in Europe and the UK, the Middle East, Japan, Taiwan, South Korea, Hong Kong, Australia and Singapore, bringing the philosophy that guides Dr. Bronner’s and its ethically driven products to the global marketplace. Under his leadership, sales in Japan, South Korea and other international markets have grown from less than 1% to over 20% of the company’s total revenue.

After graduating from Brown University with a degree in English, Michael traveled the world extensively, studying in Ethiopia and teaching English language in Japan for three years. A philanthropist, activist, and active community leader, Michael is an advocate for many social and environmental justice causes advanced by the company, including Fair Trade, organic standards, animal advocacy and ocean conservation. He currently sits on the San Diego District Export Council, where he counsels businesses on export processes, commerce education, and advises per his expertise in international trade.

He was born in Los Angeles, California in 1975. He lives in Carlsbad, California with his wife Erin and their children Eli and Alora.

Interview Angles and Talking Points:

- **Over 150 years of family soap-making history**: Dr. Bronner’s began in the U.S. in 1948; founder Emanuel Bronner’s German-Jewish family began making soap in 1858.
